

Welcome to ACCORD All Staff Workshop 2024!

Good ways to reach SMHI during the week

By walk

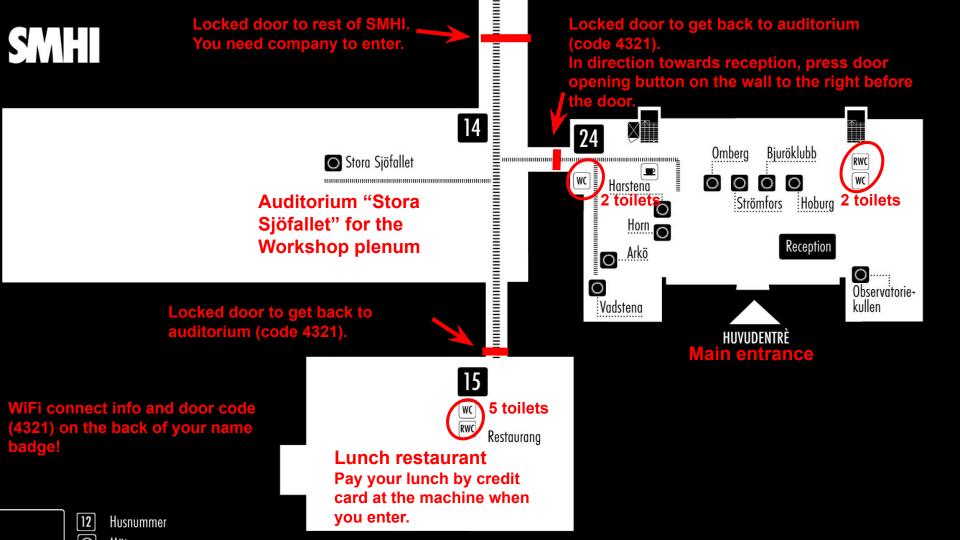

By tram/bus

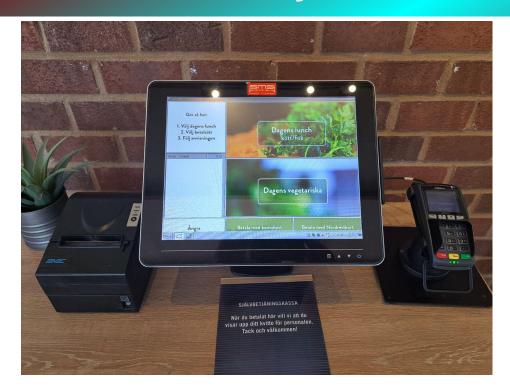

Tram no 3 is currently operating up to Söder Tull and replaced by bus (3E) between the town centre (Söder Tull) and SMHI (Skarphagsgatan).

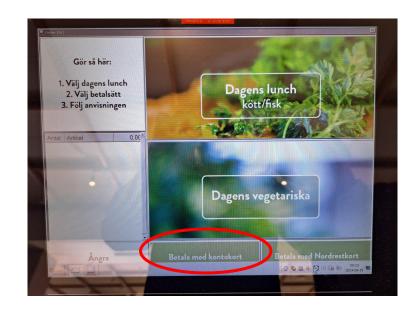

The walk along the river is recommended! (google map link here)

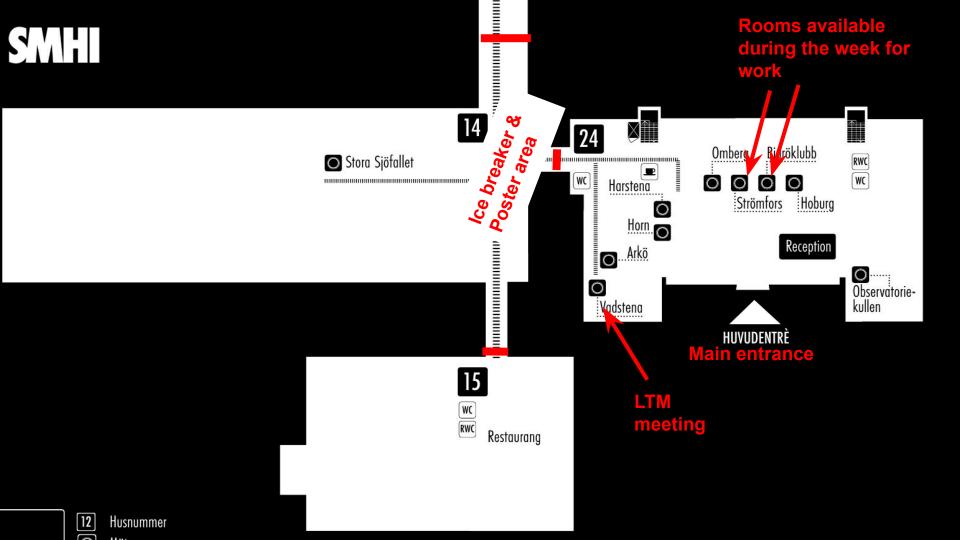

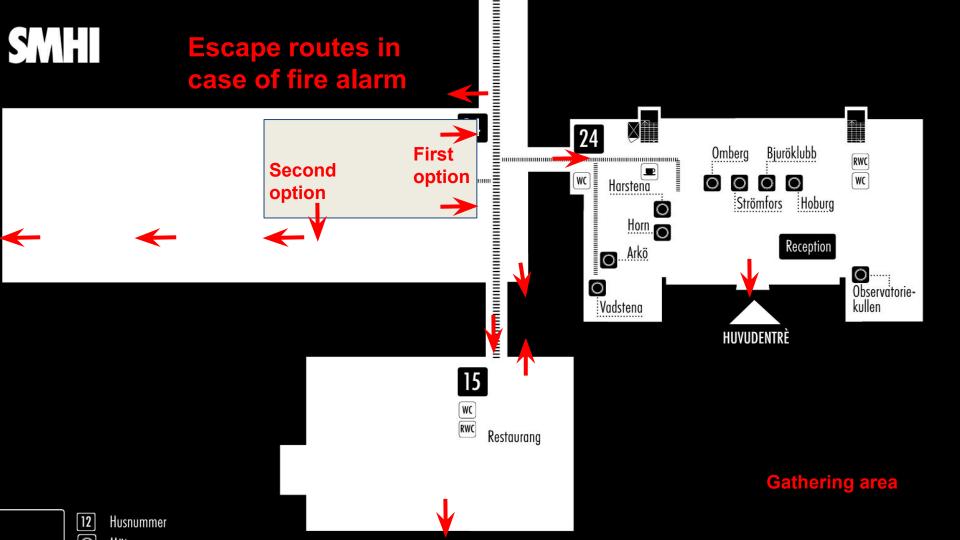

To decide and buy lunch

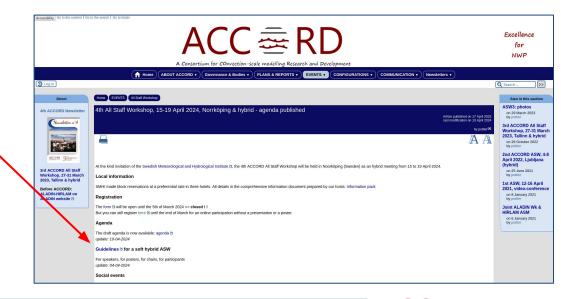

Please upload presentation before your session starts

Everyone who presents (on site at SMHI and remote) is kindly asked to upload their presentation as pdf file to our common google drive folder before the session starts.

You find the link to the common folder at the <u>ACCORD Web-page of the</u> <u>meeting</u>. Look for "Please upload your presentations in PRESENTATIONS and your poster in POSTERS"

As a second alternative one can upload pdf from USB-stick to the computer at the front. But please only if the first option does not work.

Remote participants and remote presenters

All remote friends, please remember to keep your microphone muted.

Remote presenters, please check how you share your presentation before your presentation starts. And please make sure that your microphone works well.

If we experience technical problems with sharing from remote we can show the presentation from here as an alternative.

Presenters here in the room

All presenters here in the room, please come forward before your time slot starts since we need to arrange with the headset microphone.

Questions after a presentation

Colleagues in the room here at SMHI, please wait until you have the microphone in your hand before you ask the question.

Remote colleagues, please write your question in the chat. The remote chairperson will read it out loud.

Presenters, good to check if the chat includes more questions than we had time to hear during the session. Or can we ask the remote chairperson to let us know if so is the case...
