PUBLICATIONS SCIENTIFIQUES DANS LES REVUES À COMITÉ DE LECTURE 2003

- * Alfaro, S.C., A. Gaudichet, J.L. Rajot, L. Gomes, M. Maillé, and H. Cachier, 2003 : Variability of aerosol size resolved composition at an Indian coastal site during the Indoex intensive field phase. *J. Geophys. Res.*, 108, doi 10.1029/2002JD002645.
- * Alfaro, S., L. Gomes, J.L. Rajot, S. Lafon, A. Gaudichet, B. Chatenet, M. Maille, G. Cautenet, F. Lasserre, H. Cachier, and X.Y. Zhang, 2003 : Chemical and optical characterization of aerosols measured in spring 2002 at the Ace-Asia supersite, Zhenbeitai, China. *J. Geophys. Res.*, 108, 23, 8641, 10.1029/2002JD003214.
- * Asencio, N., J. Stein, M. Chong and F. Gheusi, 2003 : Analysis and simulation of local and regional conditions for the rainfall over the Lago Maggiore during MAP IOP2B. *Quart. J. Roy. Meteor. Soc. (Special MAP issue)*, 129, pp 565-586.
- * Ashrit, R.G., H. Douville and K. Rupa Kumar, 2003 : Response of the Indian Monsoon and ENSO-monsoon teleconnection to enhanced greenhouse effect in transient simulations of the CNRM coupled model. *J. Meteorol. Soc. Japan*, vol 81, n°4, pp 779-803.
- * Atger, F. , 2003 : Spatial and interannual variability of the reliability of ensemble based probabilistic forecasts : Consequences for calibration. *Monthly Weather Rev.*, 131, pp 1509-1523.
- * Attié, J.L. and P. Durand, 2003 : Conditional wavelet method applied to aircraft data measured in the thermal internal boundary layer during sea-breeze events. *Bound. Layer Meteor.*, 106, pp 359-382.
- * Balsamo, G.P., F. Bouyssel and J. Noilhan, 2003 : A simplified bi-dimensional variational analysis of soil moisture from screen-level observations in a mesoscale numerical weather prediction. *Quarterly Journal of the Royal Meteorological Society*, vol 130 Part A n°598, pp 895.
- * Beffrey, G., G. Jaubert and A. Dabas, 2004 : Foehn flow and stable air-mass in the Rhine valley : the beginning of a MAP event. *Quarterly Journal of the Royal Meteorological Society*, 130, pp 541-560.
- * Belamari, S., J.L. Redelsperger et M. Pontaud, 2003 : Dynamic role of a westerly wind burst in triggering an equatorial Pacific warm event. *Journal of Climate*, 16, pp 1869-1890.
- * Bénard, P., 2003 : Stability of semi-implicit and iterative centred-implicit time discretisations for various equation systems used in NWP. *Monthly Weather Review*, n°131, pp 2479-2491.

- * Bourcier, T., T. Bury, J.C. Cohen, L. Laroche, O. Mestre, M. Thibaudon, D. Thomas and J.M. Veysseire, 2003 : Effects of air pollution and climatic conditions on the frequency of ophthalmological emergency examinations. *Br. Journal of Ophthalmol.*,87, pp 809-811.
- * Bouttier F., 2003 : Fine-scale atmospheric modelling and predictability. *Journal of Physics*, n°12, pp 49-55.
- * Bowling, L., F. Habets and al., 2003 : Simulation of high latitude hydrological processes in the Torne-Kalix basin : Pilps Phase 2e 1. Experiment description and summary intercomparison. *Global and Planetary Change*. **Revue ??**
- * Brenguier, J. L., H. Pawlowska, and L. Schüller, 2003 : Cloud microphysical and radiative properties for parameterization and satellite monitoring of the indirect effect of aerosol on climate , *PACE Tropical Issue. J. Geophys. Res*, 108, n° D15, 8632 10.1029.
- * Brenguier, J.L. et G. Ancellet, 2003 : Les Avions Instrumentés pour la Recherche en Sciences de l'Environnement. *La Météorologie*, Edition Spéciale, 8eme série, 40, 68-73.
- * Brut, A., D. Legain, P. Durand and P. Laville, 2003 : A relaxed eddy accumulator for surface flux measurements on ground-based platforms and aboard research vessels. **J. Atmos. Ocean. Tech.**
- * Carlotti, P., 2003 : Two point properties of atmospheric turbulence very close to the ground : comparison of a high resolution LES with theoretical models. **Boundary Layer Meteor.**
- * Carrico, C.M., M.H. Bergin, A.B. Shrestha, J.E. Dibb, L. Gomes, and J.M. Harris, 2003 : The importance of carbon and mineral dust to seasonal aerosol properties in the Nepal Himalaya. *Atmos. Environ.*, 37, pp 2811-2824.
- * Cathala, M-L., J. Pailleux and V-H. Peuch, 2003 : Improving global chemical simulations of the upper troposphere-lower troposphere with sequential assimilation of Mozaic data. *Tellus*, 55B, 1, pp 1-10.
- * Chaboureau, J.P., J.P. Cammas, P. Mascart, J.P. Pinty and J.P. Lafore, 2003 : Mesoscale model cloud scheme assesment using satellite observations. **J. Geophys. Res.**
- * Chancibault, K., V. Ducrocq and J.P. Lafore, 2003 : A numerical study of a non-tornadic supercell over France. *Monthly Wea. Rev.*, 131, pp. 2290-2311.
- * Chen, J.M., J. Liu, S. Leblanc, R. Lacaze et J.L. Roujean, 2003 : Multi-angular optical remote sensing for assessing vegetation structure and carbon absorption. *Remote Sensing of Environment*, 5797, pp 1-10.
- * Clark, R.T. and M. Déqué, 2003 : Conditional probability seasonal predictions of precipitation. *Q.J. R. Meteorol. Soc.*, 129, pp 1-15.
- * Clark, H.L. and R.S. Harwood, 2003 : Upper tropospheric humidity from MLS and ECMWF reanalyses. *Monthly Weather Review*, 131, pp 542-555.

- * Corripio, J. G., 2003 : Vectorial algebra algorithms for calculating terrain parameters from DEMs and the position of the sun for solar radiation modelling in mountainous terrain. *International Journal of Geographical Information Science* 17(1), pp 1–23.
- * Dabas, A.M., P. Drobinski, O. Reitebuch, E. Richard, P. Delville, P. H. Flamant and C. Werner, 2003 : Multi-scale analysis of a straight jet streak using numerical analyses and an airborne Doppler lidar. *Geophysical Research Letters*, 30, pp 1049-1052.
- * Déqué, M., 2003 : La prévision à l'échelle saisonnière : que sait-on faire et que peut-on espérer ? *La Météorologie*, 41, pp 20-29.
- * Desroziers, G., G. Hello, and J.N. Thépaut, 2003 : A 4D-Var re-analysis of the Fastex experiment. *Quart. J. Roy. Meteor. Soc.*, 129, (589), pp 1301-1316.
- * Dessens, O. and P. Simon, 2003 : The importance of dynamics/chemistry coupling in the evaluation of aircraft emission impact studies. **Meteorologische Zeitschrift**.
- * Diongue, A., J.P. Lafore, J.L. Redelsperger and R. Roca, 2003 : Numerical study of a sahelian synoptic weather system : Interactions between cloud and synoptic scales. **Quart. J. Roy. Meteor. Soc.**
- * Dourado, M.S. and G. Caniaux, 2003 : Surface salinity budget in oceanic simulation using data from Toga-Coare. *J. Geophys. Res. Oceans*, 108, C5, doi 1029/2001J001013.
- * Douville H., 2003 : Assessing the influence of soil moisture on seasonal climate variability with AGCMs. *Journal of Hydrometeorology*, 4, pp 1044-1066.
- * Drobinski, P., A. Dabas, C. Häberli et P.H. Flamant, 2003 : Statistical characterization of the flow structure in the Rhine valley. *Boundary-Layer Meteorology*, 106, pp 483-505.
- * Drobinski P., C. Haeberli, E. Richard, M. Lothon, A. M. Dabas, P.H. Flamant, M. Furger and R. Steinacker, 2003 : Scale interaction processes during the Map IOP 12 south föhn event in the Rhine valley. *Quarterly Journal of the Royal Meteorological Society*, 129, pp 729-754.
- * Drouin, A. and F. Karcher, 2003 : Systematic errors of total ozone retrievals using the 9.7 micron channel Earth radiance. *J. Geophys. Research*, 108 (D13), 4397, doi:10.1029/2001JD001501.
- * Ducrocq, V., G. Aullo et P. Santurette, 2003 : Les précipitations intenses des 12 et 13 Novembre 1999 sur le Sud-Est de la France. *La Météorologie 8^{ème} série*, 42, pp. 18-27.
- * Durand, P. and B. Cros, 2003 : Une expérience d'étude de la pollution à l'échelle régionale : le programme Escompte. **La Météorologie**.
- * Duynkerke, P. G., ..., J. Cuxart, ..., H. Grenier, ..., J-M. Piriou, and al., 2003 : Observations and numerical simulations of the diurnal cycle of the Eurocs stratocumulus case, **QJRMS**.

- * Flamant, C., F. Guichard, J. van Baelen, O. Bock, F. Couvreur, D. Parsons, T. Weckwerth, J. Pelon, P. Drobinski, K. Lhomme, M. Guenzo, et E. Doerflinger, 2003 : La campagne IHOP. *La Météorologie*, 8^{ème} série, n° 43 – novembre 2003, pp.38-47.
- * Flin, F., J.B. Brzoska, B. Lesaffre, C. Coléou and R. A. Pieritz., 2003 : Full three-dimensional modelling of curvature-dependent snow metamorphism : first results and comparison with experimental tomographic data. *Journal of Physics D : Applied Physics*, vol. 36, pp. A49-A54.
- * Fourrié, N., C. Claud and A. Chédin, 2003 : On the depiction of upper-level precursors of the 1999 december storms from TOVS observations. *Weather and Forecasting*, Vol 18, No 3, pp 417-430.
- * Fourrié, N. and J-N. Thépaut, 2003 : Part a - Evaluation of the AIRS near real time channel selection for numerical weather prediction application. *Quarterly Journal of the Royal Meteorological Society*, 129, n° 592, p 2425.
- * Frei, C., J.H. Christensen, M. Déqué, D. Jacob, R.G Jones and P.L. Vidale, 2003 : Daily precipitation statistics in regional climate models: evaluation and intercomparison for the European Alps. *J. Geophys. Res.*, 108, ACL 91-19.
- * Gheusi, F. and J. Stein, 2003 : Small-scale rainfall mechanisms for an idealized convective southerly flow over the Alps. *Quart. J. Royal Meteor. Soc.*, 129 B, pp 1819-1840.
- * Gibelin, A.-L. and M. Déqué, 2003 : Anthropogenic climate change over the Mediterranean region simulated by a global variable resolution model. *Climate Dynamics* 20 (4), pp 327-339, DOI: 10.1007/s00382-002-0277-1.
- * Gomes, L., J.L. Rajot, S.C. Alfaro and A. Gaudichet, 2003 : Validation of a dust production model from measurements performed in semi-arid agricultural areas of Spain and Niger. *Catena*, 52, pp 235-256.
- * Gomes, L, J.L. Arrúe, M.V. López, G. Sterk, D. Richard, R. Gracia, M. Sabre, A. Gaudichet and J.P. Frangi, 2003 : Soil aerosol production in a semi-arid agricultural area of Spain : the Welsons project. *Catena*, 52, pp 257-271.
- * Guibert, S., J.R. Snider and J.L. Brenguier, 2003 : Aerosol activation in marine stratocumulus clouds Part-I : measurement validation for a closure study. *Pace topical issue. J. Geophys. Research*, 108, n° D15, 8628 10.1029.
- * Guichard, F., D. Parsons, J. Dudhia and J. Bresh, 2003 : Evaluating mesoscale model predictions and parameterizations against SGP ARM data over seasonal time scale. *Monthly Wea. Rev.*, vol. 131, n°5, pp 926-944.
- * Guichard, F., J.C. Petch, J.-L. Redelsperger, P. Bechtold, J.-P. Chaboureau, S. Cheinet, W. Grabowski, H. Grenier, C.J. Jones, M. Koehler, J.-M. Piriou, R. Tailleux and M. Tomasini, 2003 : Modelling the diurnal cycle of deep convection over land with CRMs and SCMs, **QJRMS**.

- * Habets, F., A. Boone and J. Noilhan, 2003 : Simulation of a scandinavian basin using the diffusion transfer version of Isba. *Global and Planetary Change*, vol. 38, n° 1-2, pp 137-150.
- * Harrison, M. and P. Bessemoulin, 2003 : The commission for climatology open programme area group on climate applications, information and prediction services. *WMO Bulletin*, vol 52, n°3, 243-248.
- * Hauser D., ... , P. Durand, ... , G. Lachaud, J.M. Lefèvre, ..., B. Piguet et al., 2003 : The Fetch experiment : an overview. *Journal Geophys. Research*, 108, C3, doi 10.1029/2001 JC 001202.
- * Jaubert, G. and J. Stein, 2003 : Multiscale and unsteady aspects of a deep Föhn event during MAP, *Quart.J.Roy. Meteorol. Soc*, Vol. 129, Part b (Map) No. 588 p.755-776.
- * Joly, A., 2003 : L'observation adaptative. *La Météorologie*, 8^{ème} série, 43, pp. 22-36.
- * Lacaze, R., S. Donier, P. Lacarrère and J.L. Roujean, 2003 : AVHRR-derived land surface conditions for flux simulations with a meso-scale model over the Hapex-Sahel study area. *J. Applied Meteor.*, vol 42, n°6, pp 686-700.
- * Lemonsu, A., C.S.B. Grimmond and V. Masson, 2003 : Modelling the surface energy balance of an old Mediterranean city core. **J. Applied Meteor.**
